Hang in there...
Spring's almost here!

Don't Become a Victim

Social engineering is the act of tricking someone into divulging information or taking action, usually through technology. The idea behind social engineering is to take advantage of a potential victim's natural tendencies and emotional reactions.

If it sounds too odd to be true Seriously, how likely is it that a prince would reach out to you for your help? Or, on the flip side, that a relative is texting you to post bail while traveling? Investigate any requests for money, personal information, or any item of value before handing it over. There's a pretty good chance it's a scam — and even if it's not, better to be safe than sorry.

65th Annual Meeting Report

Sixty-three people were in attendance February 9, 2019 at The Plains to celebrate HB Telco Federal Credit Union's 65th year. President Erv Huber introduced volunteers and staff. Financial reports were reviewed and elections were held.

Numerous door prizes were awarded. Congratulations to Deklan Harrington for winning the grand prize of \$65.00. Doug Ramsell was the lucky winner of the half and half drawing with the donation going to People's Transit.

Annual meeting reports are still available. If you would like one, please contact HB Telco.
